Last Noticed 9/21/15 between 6 and 7 pm

Description The air around Ostroms mushroom farm on Marvin Rd was particularly rand and smelled very strongly of hydrogen sulfide and ammonia (really smelled just like an open sewer. It made my eyes burn at times. I was at the park next door between 6:15 till 7:30 and the odor was overpowering the whole time. The odor is far worse than its been before.
