## RE: Open Public Meetings Act

Dear Ms. Mendoza and YRCAA Board Members,

Ms. Mendoza copied me on the message below which included a copy of the letter written to the Board. The Office of the Attorney General (AGO) has published resources which may be of assistance to you. The first is an [Open Government Resource Manual](#). Chapter Three of the Manual contains a general overview of the Open Public Meetings Act (OPMA). It includes some hypothetical questions to assist with understanding the OPMA expectations.

The second resource is the [Open Public Meetings Act Guidance](#). The Guidance addresses frequently asked questions about process to fill vacant positions by public agency governing bodies.

Please understand that in sharing these resources, I am offering no opinion or conclusion on any of the issues addressed in the letter. Nor am I offering the same regarding whether the YRCAA has satisfied or failed to meet its OPMA obligations. I saw an opportunity to share information that may be of assistance and did not want to let that opportunity pass.

Respectfully,

Morgan Damerow
